The Bali Global Youth Forum Declaration (Outcome Statement) promoted by WAGGGS demands abortion rights multiple times as follows. See above link on the pages indicated.

*Governments and UN agencies should support the sexual and reproductive rights of young people including ensuring access to legal and safe abortion that is affordable, accessible and free from coercion, discrimination and stigma, providing support and protection mechanisms that promote the right to choose. (page 4-5)*

*Cultural and religious barriers such as parental and spousal consent, and early and forced marriages, should never prevent access to family planning, safe and legal abortion, and other reproductive health services – recognizing that young people have autonomy over their own bodies, pleasures, and desires. (page 10)*

*Governments should decriminalize abortion, and create and implement policies and programs that ensure young women have access to safe and legal abortion, pre- and post-abortion services, without mandatory waiting periods, requirements for parental and spousal notification and/or consent or age of consent. (page 11)*
