The Bali Global Youth Forum Declaration (Outcome Statement) promoted by WAGGGS demands “comprehensive sexuality education” multiple times:

Governments should ensure that every young person, including LGBTQI young people, have equal access to the full range of evidence- and rights-based, youth-friendly sexual and reproductive health services and comprehensive sexuality education, that is respectful of young people’s right to informed consent.

Services should be confidential, accessible, and include a full range of safe, effective, affordable methods of modern contraception and family planning services and commodities, including pre- and postnatal care, amongst others. Comprehensive sexuality education should be developed in partnership with young people and include information on sexual orientation and gender identities that is free of religious intolerance. Also see pages 1, 2, 7 and 8 for additional references to comprehensive sexuality education.

The Bali Global Youth Forum Declaration (Outcome Statement) promoted by WAGGGS recommends governments “decriminalize sex work”.

Governments should ensure legal recognition of undocumented workers including migrants, decriminalize sex work, and eliminate mandatory medical checks that are used as a basis for discrimination, especially mandatory HIV, and pregnancy testing in the general protection, respect and fulfillment of the rights of all young people to decent employment.
