- Pick up troop's initial cookie order week of February 1-3.
- Sort all initial order cookies and prepare receipts for each girl before anyone picks up cookies. Be sure to complete a receipt for each cookie pick up, sign and date by you and the parent. Keep one copy.
- Prepare for your cookie booths. Get your bling together, and a schedule for your parents and girls.
- Attend your cookie booths promoting Operation Cookie Share and 5 for Five to maximize sales. Be sure to make deposits after booths into your Troop Bank Account.
- Participate in National Cookie Weekend by reviewing 5 skills to girls to become Stellar Sellers.
- Collect money from girls/parents often and deposit immediately into Troop Bank Account.
- Submit any UDF (uncollectible debt forms) 5 days prior to each sweep date.
- Communicate with the Service Unit Cookie Manager regarding any excess supply of cookies on March 10, 2016 so transfer arrangements can be made. (Excessive supply = number of unsold cookie packages are greater than 20 % of total cookie packages ordered during entire sale.)
- Be sure you have enough money in troop bank accounts to cover your three sweeps in March.
- Reconcile the sale with each girl, collecting all her money due and gathering her final reward selections in SNAP by March 30th.
